

About the Trails

The New Richmond area trail system is the result of many years of effort by citizens in the community, the City Council, New Richmond Park Board, New Richmond Area Community Foundation, Multi-Purpose Pathways Committee and the New Richmond Rotary Club.

Our trail system continues to expand with over 12.5 miles presently, linking community parks, athletic facilities, and green space with schools, the City's commercial area and neighborhoods.

The City's parks and trails represent a world of benefits including quality of life, health and fitness, relaxing recreation and safe **Active Transportation**. They can be enjoyed by everyone whether in a wheelchair, on a bike, using in-line skates, taking a family stroll or training for a marathon.

Watch them grow and give them a try!

What is Active Transportation?

AT =  +  +  +  + You

Funding Information

Portions of New Richmond's trails have been made possible through the Federal TEA 21 program administered by Wis. DOT, the City of New Richmond, area businesses, private citizens and the New Richmond Area Community Foundation.

You can support the trails through the New Richmond Area Area Community Foundation by contacting them at 715-246-3999
